

HANAHOLMEN

HANAHOLMEN TECHNICAL SERVICES

Meeting facilities and services

The equipment in our meeting rooms includes a presentation screen, Plug & Play web conferencing tools, note-taking equipment, a flipchart and open Wi-Fi.

We also offer streaming and recording of events. Our technical services also include interpretation technology, mood lighting, mobile screens and sound systems.

Auditorium

231 people | 282 m² - auditorium, which can be booked as a venue for various seminars or meetings. When you are organizing a larger event, choose our Celsius auditorium and our technical services to ensure a smooth and high-quality experience for your audience:

- Sound system for speech and music
- Eight channels of wireless microphones with handheld or headset microphones
- Video projector and projection screen
- The technician makes sure that the presentations run smoothly and that the sound level is desirable
- A clicker for the speaker to change the presentation slide and a monitor on stage for the current slide of the presentation
- The system is scalable as part of a possible more extensive technical setup

Our sales department and technical team are happy to help you with any additional questions.
